

Raise funds for NISCU

everyclick.com

## everyclick.com is a great new search engine,

which works just like Yahoo or Google, but it also donates 50% of its income to charity each month. The amount a charity gets depends on the number of search clicks by people who are registered on everyclick.com as supporters of that charity as a proportion of all the clicks by all the supporters of all their registered charities. So the more supporters a charity has and the more these are active using this search engine, the more goes to that charity.

Please consider raising money for **NISCU** every time you search the web.

**It doesn't cost you or us a penny**, so it is a great way to help.

All you need to do is go to: <http://www.everyclick.com>, make it your homepage and use it whenever you search the web.

***In just 4 weeks with just a few of us using it we raised over £8 for NISCU with no cost to us!***
