

## **Part-Time Christian Schools Worker**

Part-time (20 hours) to work within the North Cumbria area. Funding available for 2 years, but the hope is to make this a permanent position.

The work will be biased towards primary work, with the ability to work closely with local Christians. We want to implement our vision to encourage and assist, where appropriate, church leaders and church members to use the opportunities available to share the Christian message with children, who otherwise may not hear the good news of Jesus.

NISCU is an inter-denominational, bible based organisation with a team of 16 schools workers operating in schools throughout Cumbria, North Lancashire and the Craven area of Yorkshire. In North Cumbria the staff team will include a full time and another part time schools worker. There is also a leadership team within the organisation, including a regional team leader who will provide oversight to support the role.

The position requires a highly motivated, committed Christian, with a clear calling and ability to communicate the Christian message effectively to children and young people. It will involve running clubs and taking assemblies in schools as well as taking part in residential events and discipleship groups.

Information about the work of NISCU can be found on [www.niscu.org.uk](http://www.niscu.org.uk)
